

Department: **Computer Science**

Working Title: **Undergraduate Research Assistant**

Classification: **Instructional Student Assistant**

Number of Openings: **1**

Pay Rate: **\$20/hour**

Appointment: **20**

Expected Dates of Employment: **May 30, 2025 through August 15, 2025**

Deadline to Apply: **June 4, 2025**

Requisition #: **COMP_ISA_SUM_2**

DUTIES OF THE POSITION

The student will work on a funded grant in close collaboration with a faculty member and graduate student at the University of Central Florida. The student is expected to quickly develop proficiency in the C programming language, C development tools, the process of configuring and compiling the Linux kernel, Google's syzkaller tool, as well as collaboration tools such as GitHub and Slack. The student will be expected to help implement algorithms that analyze C build and configuration tools for security weaknesses and evaluate the accuracy and coverage of these algorithms. The student will also be expected to implement and evaluate algorithms for improving configuration testing. Finally, the student will be expected to report on their results to both internal and external audiences.

MINIMUM QUALIFICATIONS

The ability to learn and perform assigned work; work cooperatively with faculty, staff, and other students; and accept responsibility. Completion of specific coursework may be required in order to teach, grade, complete research, or tutor for a course. Admission or registration as a University student. Note: Exceptions to the minimum eligibility qualifications may be granted at the sole discretion of the University.

HIRING CRITERIA

Required: grade of B+ or higher in CS 315 or equivalent, with equivalent C/C++ proficiency. Grade of A- or higher in CS 252 or equivalent. High level of reliability, initiative, and professionalism. Expected graduation date must be Summer 2025 or later. Preferred: Strong mathematics background.
