Department: EdEon STEM Learning
Working Title: IMAP StC Student Assistant
Classification: Instructional Student Assistant
Number of Openings: 1-2
Pay Rate: $15/hour
Appointment: 10 hours a week during academic year/ 30+ hours a week during the Summer/Winter Break
Expected Dates of Employment: 1/21/21 – 5/27/21
Deadline to Apply: until position is filled

Requisition #: EDEON_Isa_2021_2

DUTIES OF THE POSITION
IMAP StC is abbreviation for: Interstellar Mapping and Acceleration Probe Student Collaboration

This work involves tasks related to designing, building, testing, calibrating at least one mini satellite, known as a CubeSat. Ultimately, the CubeSat will be delivered to NASA for launch. Specifically, students will learn about CubeSats and space physics, as he/she/they create computer software programs (codes) or build electronics needed for a CubeSat. The goal is to build three identical CubeSats at three Universities: Sonoma State University (SSU), University of New Hampshire, and Howard University. Students in this position will support the CubeSat built at Sonoma State University. This position involves collaboration with students and mentors at three universities virtually and ultimately involves travel. IMAP is a NASA-funded mission to study the Heliopause. This project includes learning from IMAP scientists at institutions outside of SSU.

MINIMUM QUALIFICATIONS
The ability to learn and perform assigned work; work cooperatively with faculty, staff, and other student; and accept responsibility. Completion of specific coursework may be required in order to teach, grade or tutor a course. Admission or registration as a University student. Note: Exceptions to the minimum eligibility qualifications may be granted at the sole discretion of the University.

HIRING CRITERIA
Undergraduate Student with coursework in Science, Technology, Engineering, and Mathematics (STEM). The student must have excellent oral and written communications skills, as well as interest in or experience in coding/software, electronics, hardware, physics, space science, or data analysis. A GPA of at least 3.0 is required for this position. Physics 214 is strongly recommended as a pre-requisite for this work.

HOW TO APPLY
Please submit a resume that indicates what Science, Technology, Engineering, and Mathematics courses you have taken. Make sure to include Email or Phone number to set up Interview.

Send it to our AC: Juanita Tenorio at tenorior@sonoma.edu If you have any questions feel free to let her know.
HIRING NOTIFICATION

After interviews Student will receive a phone call at the end of the interview week. Feel free to ask Juanita of any questions or concerns.
